

### Specific Action of Retaliation Against Japan is Promised

#### Announcement Will Be Made Tomorrow in Capital Says FDR

Hyde Park, N. Y., July 25—(AP)—President Roosevelt disclosed today that the United States would retaliate with specific action tomorrow against Japan's occupation of naval and air bases in French Indo-China.

He told a press conference there would be something out of Washington tomorrow, but would not say exactly what.

But to members of the presidential party spending the weekend here the most likely move appeared to be the freezing of Japanese credits and assets in the United States.

Many persons, indeed, considered that step inevitable. But whether the United States was ready to take additional measures appeared to be awaiting future determination, depending on how the international situation develops in the Pacific.

To a question whether "events in the Far East have sharply accentuated the dangers in the international situation," Roosevelt suggested that the answer be put this way:

Events in the Far East are bringing a greater awareness on the part of the public to the dangers of the world situation.

Reveals Old Policy

Speaking of the past tense in Washington yesterday, the chief executive had enunciated a policy under which this government had been letting Japan obtain oil from the United States with the objective of restraining her from invading the Dutch East Indies for petroleum.

"As of today," a reporter asked, "will this government allow the policy you outlined yesterday?"

Roosevelt said he could not talk about that. He said he had been describing what had happened up to the time he was speaking.

"You left the intimation that the policy might be over with," a reporter remarked.

But, Roosevelt said, he did not say so.

"We are trying to get you to today," his questioner replied.

Smilingly the President said he knew that was the case but that he just didn't have any news along that line.

The President said he had arranged to talk by telephone with Sumner Welles, Acting Secretary of State, and the indications were that they would have a lengthy discussion of the Far Eastern problem.

Next Moves Uncertain

Putting up to Roosevelt what he termed a blunt question, a newsman inquired what the Japanese move into Indo-China and its implications would mean to America's neutrality.

That, the President said, is a terribly iffy question.

So many things have not happened, however, Roosevelt replied and things that have not happened

### New Blacklist of Axis-Aiding Firms Is Being Compiled

Washington, July 25—(AP)—President Roosevelt's economic warfare committee is collecting a list of German and Italian firms in Europe and Asia as the nucleus of a new blacklist to supplement the recent compilation of 1,833 Latin American firms to which it is prohibited to export American goods.

Investigations to this end have been undertaken, it was learned, in Japan, China, Thailand, Sweden, Switzerland, unoccupied France, Spain, Portugal and Finland.

A record is being made of all firms in those countries which fall under the first category of the "proclaimed list of certain blocked nationals," as the original list was officially designated.

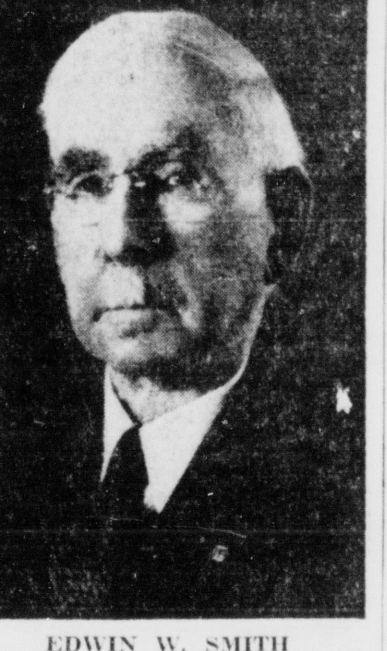

Second Classification

That category includes individuals and commercial organizations acting for, on behalf of, or under the direction or jurisdiction of Germany and Italy. A second classification included in the list was designed to cover non-German and non-Italian firms which served axis interests.

As soon as the German and Italian firms have been catalogued the committee is expected to make another supplementary list of firms of all other nationalities in European and Asiatic countries for possible inclusion in the blacklist under the second category because of their trade transactions with axis concerns.

American firms or those of other nationalities might be put on that list, it was said, if they sold American supplies to black-listed axis firms thereby hampering the government's efforts to prevent American materials from falling into axis hands.

### Middle West Has Its Third Day of Blistering Heat

Chicago, July 25—(AP)—Heat blistering portions of the middle west today for the third successive day and sent temperatures into the nineties throughout most of the nation.

The belt of intense heat extended through South Dakota, Nebraska and Kansas, eastward to Missouri, western Iowa and southern Minnesota.

No relief was in sight for the Plains states which have baked in 100 plus temperatures this week.

The mercury touched 104 yesterday at Aberdeen, S. D., Minneapolis and Springfield, Minn.; 103 at Mt. Airy, Ia., and Topeka, Kas.; 102 at Kansas City, St. Louis, Clinton, Mo., and Des Moines, Ia.; 101 at Phillipsburg, Kas., and 100 at Omaha, Chadron, Neb., and other midwestern points.

Wisconsin escaped the worst of the heat wave but temperatures reached 96 at Wausau and LaCrosse. Ninety to 94 readings were recorded in New England, while temperatures in the nineties were general from South Dakota to Texas, east to Alabama, Tennessee, Kentucky, and western Pennsylvania and throughout Michigan.

For the first time in July no reading as high as 100 was reported yesterday from west of the Rocky mountains.

### Deserter of Girl, 22, Is Suspected Slayer

Indianapolis, July 25—(AP)—Two detectives were assigned today to investigate the possibility that a man reported to have left a young woman stranded here is sought for the slaying of a staff sergeant at Chanute Field, Ill.

Detective Chief Fred Simon said the young woman, who gave her name as Regenia Monk, 22, of Slippery Rock, Pa., called at police headquarters this morning and told of being deserted here by a man who had promised to marry her in Chicago.

She said the man told her he was a reserve officer and had been called to duty in the army and that she must return home.

In luggage left by the man, officers said they found a letter from Chanute Field and upon inquiry at the field were informed that a man with the same name as that by which the girl knew her companion was wanted on the slaying charge.

### Too Chummy?

Centralia, Ill., July 25—(AP)—Chief of Police Edward G. Farthing is beginning to wonder just how chummy he should be with members of his force.

He loaned his automobile to a policeman a few days ago and while it was being used, a truck backed into it.

Then the chief paid a social call to the home of another officer and was bitten by the officer's dog.

### Tragedies to Sons Bring Reunion of Two Former Neighbors After 42 Years

Chicago, July 25—(AP)—When the Haight family moved from Chicago's southwest side to Galesburg, Ill., in 1899, young Clarence Haight lost contact with many of his neighborhood companions, including Fred B. Snite.

Last night Haight, now a grocery manager in Galesburg, had dinner at the suburban River Forest home of Snite, now a wealthy loan company executive, and the two talked of the circumstance which brought them together—each has a son suffering from infantile paralysis.

Snite's son, Fred B. Jr., the self-styled "Boiler Kid," was stricken with the disease more than five years ago. Haight's son, William, 2½, has been in an artificial respirator for the past 10

### Senate Committee Agrees on Bill to Extend Emergency

#### No Opposition to Keeping Men In Service Is Reported

Washington, July 25—(AP)—Members of the Senate military committee were reported today to have agreed informally on the general terms of a resolution by which Congress would declare a limited emergency under which selectees, National Guardsmen and reserves could be retained in active army service beyond the present one-year limit.

Senator Lee (D-Okla.) told reporters when he came out of a closed session that a "count of noses" within the committee had disclosed no opposition to a proposal under which Congress would be asked to find that the national interests were imperiled.

Lee predicted that a revised version of the bill to be considered by the committee this afternoon would not disturb present prohibitions in the laws against the sending of selectees, guardsmen and reserves outside the western hemisphere.

Limitation Not Discussed

The question of placing some time limitation on the operation of the emergency powers had not yet been discussed, he said, expressing the belief, however, that the authority would be permitted to continue until Congress or the President found that the emergency had ended.

Major General Milton A. Reckford, commander of the 29th division, testified today that 90 percent of the men and all the officers in his division were in favor of extended military service "if the need exists."

"Frankly, I think the need exists," he told the House military committee.

Reckford said he believed the nation was in grave peril and asserted he thought the way to solve the problem was for Congress to declare a national emergency and give the President the right to retain selectees and National Guardsmen beyond one year.

"Don't tie the hands of the war department in this situation," he urged, advocating also that people "stop writing foolish letters" on the subject.

Fight Price Control

Meanwhile an attempt to curb by congressional action any price-fixing orders on farm products was planned today by Senators Smith (D-SC) and Thomas (D-Okla.).

Protesting that actions by Leon Henderson, federal price administrator, were "robbing farmers of a chance for a fair price," Chairman Smith said he would ask the

### Rockfords Sreet Dept. Threatened

Rockford, Ill., July 25—(AP)—In a controversy over the discharge of a master mechanic, employees of the Rockford street department planned today to strike at 5 p. m., after the city's aluminum collection drive ends.

Last month sewer and water department workers struck for two days, returning after an arbitration board was agreed upon.

Mavor C. Henry Bloom declared the discharge of Eric Erickson, a master mechanic, on July 1 was for economy and was not subject to arbitration.

Street department members of the American Federation of State, County & Municipal Employees voted to strike unless Erickson is reinstated or arbitration started.

Expectations were that the walkout would be confined largely to the street department, with little immediate inconvenience to the public. The deadline was fixed at 5 p. m. because street department truck drivers then will be through with their part of the aluminum collection work.

### Wilson Retracts So Grange Drops Action

Chicago, July 25—(AP)—An order was issued by Judge Charles Williams in Superior court today dismissing the \$50,000 libel action which Harold "Red" Grange had filed against Wendell Wilson, director of athletics at the University of Illinois.

The action followed receipts of a telegram from Wilson to his attorney, George E. Woods, which read: "I regret the statements issued by me concerning Grange and hereby retract the same."

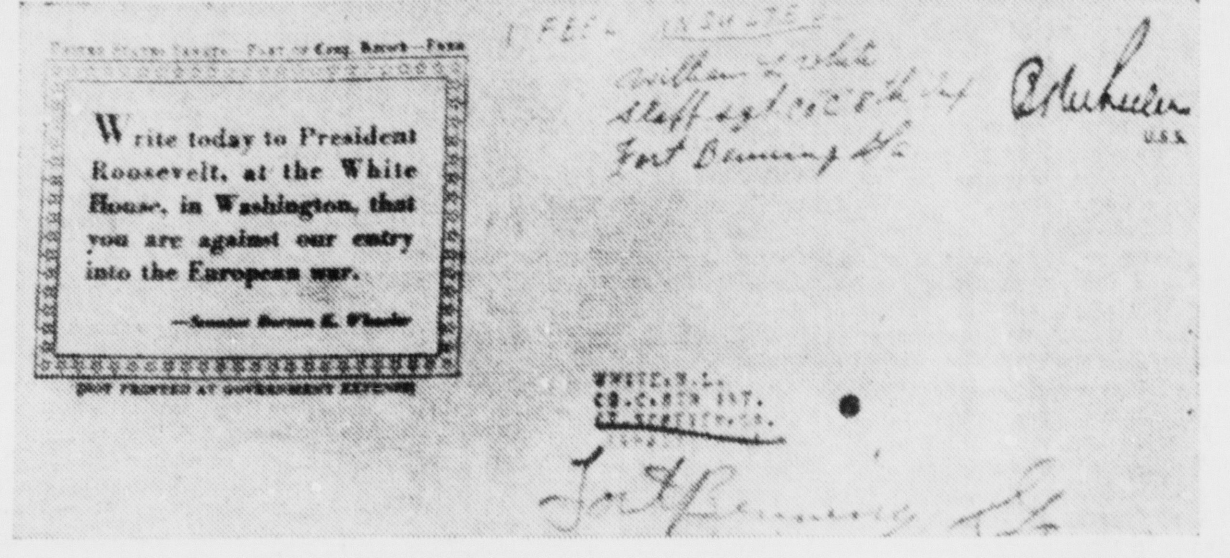

Woods and George Landon, attorney for Grange, the famed "Galloping Ghost" in Illinois football history, agreed that Wilson's telegram was an "entire vindication of Grange's position."

### Former Secretary of Union Charged With Taking Funds

#### Defeat for Re-election Reveals Shortage of \$49,000, Alleged

Springfield, Ill., July 25—(AP)—Accused of embezzling over \$49,000 from the International Brotherhood of Electrical Workers, Eugene E. Scott, former financial secretary of the union, was held in jail here today awaiting removal to Benton to face prosecution.

State's Attorney Leonard J. Dunn of Franklin county led a raiding party of Springfield police officers and sheriff's deputies who arrested Scott last night in an apartment.

The prosecutor said Scott, who has operated two Springfield night clubs in recent years, is charged in a warrant issued yesterday at Benton with embezzling \$49,076 from the union treasury from 1933 until June this year, when he was defeated for reelection as treasurer.

State's Attorney Dunn said he expected Scott would waive a preliminary hearing and be bound over to await action of the Franklin county grand jury meeting in September. Scott will be removed to Benton later today for preliminary arraignment before Justice of the Peace John W. Bell, the prosecutor said.

Upon advice of his counsel, Scott refused to talk when officers sought to question him following his arrest, Dunn said.

Dunn explained auditors discovered the shortage of funds in the union treasury when they checked the books after Scott's defeat for reelection. The prosecutor said previous audits had failed to disclose the shortage, because bogus checks had been deposited to cover the amounts missing.

Dunn said he had been informed approximately 2,300 Illinois members of the A. F. of L. union paid dues to the local of which Scott was treasurer. The local headquarters were at West Frankfort, where Scott has resided most of the time. In recent years, but the local membership included electrical workers in many other downstate Illinois cities, among them Champaign, Peoria, Bloomington, Danville and Springfield.

When he was seized Scott had 37 cents in his pockets, officers said.

### Problem

Joplin, Mo., July 25—(AP)—The problem of fitting a family of eight and its furnishings into a home four feet wide, puzzled John Aldridge.

The Circuit court ruled that 14 feet of the Aldridge residence—only 18 feet across—had been built on the wrong side of the property line.

When Aldridge was awarded his share today, the owner of the 14-foot section built a wire fence down the property line—inside the house. The Aldridges crowded their belongings into the remaining four feet.

But there wasn't room for a mother, father and six youngsters. They've moved into the yard temporarily.

### Terse News

Council to Get Tax Levy—The annual tax levy ordinance will be presented to the city commission at the regular weekly meeting of the city council at 8 o'clock this evening. A short session of the board of local improvements will follow the council session.

Attend Aurora Rites—Mr. and Mrs. George E. Richards and sons of 709 Highland avenue, have returned from Aurora, where yesterday they attended the funeral of the former's father, George A. Richards, who passed away Tuesday. The deceased was well known in Dixon and community.

Enlist in Army Air Corps—Gerald Lightner, son of Mr. and Mrs. Merle Lightner, 1601 First street, and Joseph A. Garland of Amboy were listed among the latest recruits in the U. S. Army Air Corps by Sergeant Emory Jones at the Dixon recruiting headquarters today. Both young men were today completing their physical examination and were to leave Dixon Tuesday morning for Chicago and from that point to proceed to Scott Field near Belleville, Ill., to enter training.

Lee Co. Culverts Approved—The state division of highways at Springfield has approved the expenditure of \$40,000 in motor fuel tax funds on an improvement proposed north of the village of Franklin Grove. The expenditure covers the cost of constructing seven culverts at a cost of \$5,000 and surfacing with crushed stone or gravel, a 20 foot roadway, three miles in length which will extend north from U. S. route 330 to connect with the black top roadway at the Lee-Ogle county line.

Prosecutor Keating disclosed yesterday that Freeman was released Monday on order of St. Joseph Circuit Judge Dan Pyle, who last Friday authorized withholding sentence on him for five years.

Freeman was charged with illegal possession of dynamite after his arrest in Joliet in January, 1940. He pleaded guilty to the charge and later testified that his life had been threatened if he turned state's evidence.

Keating said an appeal was being sought by the defendants, convicted of illegal use of dynamite in the wrecking of an I. & M. power line transmission tower near Millersburg, Nov. 23, 1939.

They are John Marks, Michigan City labor leader; Frank S. Long and Earl Freeman, both of South Bend.

### Star Witness in Bomb Case Freed

South Bend, Ind., July 25—(AP)—Parrish E. Freeman, 32, of Joliet, Ill., is free today after 18 months incarceration, but Prosecutor James E. Keating declined to reveal the whereabouts of the star state witness in the prosecution of three men charged with dynamiting towers of the Indiana & Michigan Electric Co. nearly two years ago.

Prosecutor Keating disclosed yesterday that Freeman was released Monday on order of St. Joseph Circuit Judge Dan Pyle, who last Friday authorized withholding sentence on him for five years.

Freeman was charged with illegal possession of dynamite after his arrest in Joliet in January, 1940. He pleaded guilty to the charge and later testified that his life had been threatened if he turned state's evidence.

### British Bomber Crashes Carrying Two U. S. Army Fliers to Flaming Deaths

Mt. Gilead, O., July 25—(AP)—Two U. S. army pilots ferrying a Lockheed-Hudson bomber to Canada for delivery to the British Royal Air Force perished in flames late yesterday as their twin-motored ship plowed into a central Ohio cornfield.

Major Robert H. Baker, contact officer for the army's "ferry command" at Patterson field in Dayton, identified the victims as First Lt. R. F. Rush of Tucson, Ariz., and Second Lt. N. L. Warner.

He said the plane, bearing R. A. F. insignia, left Patterson field for Montreal, Canada, less than an hour before it plunged to earth in bright sunlight. The ship arrived at Dayton Wednesday from

### Strict Marketing Quotas for Wheat Certain Next Year

#### Government's Intent Is Made Known Before Planting Season

Washington, July 25—(AP)—Secretary Wickard today notified farmers that the agriculture department would propose rigid marketing quotas for next year's wheat crop.

A proposal to invoke marketing controls will be submitted to a grower referendum at a date yet to be set. Approval by at least two-thirds of those voting is required.

Quotas were established for the first time on this year's wheat crop. The system, carrying with it a penalty of 49 cents a bushel for over-quota grain, has encountered severe criticism from some farmers.

Wickard, in a proclamation declaring the department's intention to establish quotas, said the nation's wheat supply was at record levels and that, under provisions of the AAA act, it was necessary for the department to take steps to curtail production as well as sales.

Under quotas, a farmer is limited to the sale of grain produced on his AAA acreage allotment. Such allotments will be about 12 per cent smaller than for this year's crop.

Ahead of Planting

Wickard made known the department's plans well ahead of the winter wheat planting season. The bulk of the winter wheat crop is seeded in September and October. Many farmers complained that this year's quotas were not

### No Soviet Union After War, Germany Declares

Berlin, July 25—(AP)—An authorized German source said today that "there will not be any soviet union at the end of this war."

Asked why the German press always speaks of "the former German embassy in Moscow" and the "former German ambassador to the U. S. S. R." while the term "former" was not applied to London, Paris or elsewhere, this source expressed belief that the press probably had a fine instinct for the realities of the future.

"There will not be any soviet union at the end of this war and there will not be any bolshevik regime which created this union of soviet states," he declared.

Clinton, Ill., July 25—(AP)—Rep. William Querfeld of Clinton used his influence at the state house to get four-way traffic stop signs erected at the intersection on the south edge of the city.

Highway employees erected the signs yesterday. Querfeld told his friends that he was the first motorist to run through them.

### Would Stop Use of Public Money for Election in 1942

Edwardsville, Ill., July 25—(AP)—Litigation to prevent the use of public funds for the 1942 congressional elections in Illinois has been started in Circuit court because of the legislature's failure to redirect the state since 1901.

A petition asking leave to institute a suit attacking the constitutionality of the apportionment act of 1901 and asking an injunction to restrain use of county and state funds for the elections was filed yesterday by State Representative A. W. Daly (D-Madison county), Francis Beiser and Gene Randall, all of Alton.

Cite Constitution

They declared the appointment act was null and void on the ground that it violated the state and federal constitutions, acts of congress and Illinois statutes.

City Judge William P. Boynton of Alton, sitting in Circuit court, set the petition for hearing Aug. 1. The plaintiffs recited provisions of the Illinois Constitution that elections shall be free and equal and then asserted the 40-year-old congressional districts were unequal in population and such inequality was "unreasonable, unfair and unjust."

They claimed the votes of 3,05 persons in the Twenty-Second district, which has a population of 359,343, were necessary to equal the vote of one person in the Fifth district, which has a population of only 112,116.

### Japs' Dream of Conquest Moves Toward Reality

#### The War Today!

#### Report Million Jap Soldiers Mobilized

(By The Associated Press)  
Japan's dream of conquest in the Pacific moved toward grim reality today with the reported mobilization of 1,000,000 men, while at sea her ships blanketed in silence and turned away from American shores.

In London, Foreign Secretary Anthony Eden told parliament that "certain defense measures in Malaya have already been enforced" to counter "the potential threat" of the Japanese occupation of French Indo-China.

The House of Commons cheered when Eden said the British government had "been in close touch with the United States government" on developments in the Far East.

British dispatches from Singapore said France's colony in the Orient ignored a recent offer of protection by Great Britain, the United States, China and the Dutch East Indies "against further encroachments from the outside."

In Rome, the authoritative fascist editor Virginio Gayda declared the "Indo-China thrust was 'the first episode' in Japan's 'march to the south' and was undertaken in full agreement with the other axis powers.

Dispatches from Saigon, French Indo-China, said concessions gained Japan include the right to station warships in strategic Camranh bay, on the southeast Indo-Chinese coast, only 800 miles from Singapore.

Jap Mobilization Continues

Moreover, these reports said, the Japanese may station warships at the river port of Saigon, and obtain several air bases in southern Indo-China.

Foreign intelligence reports reaching Shanghai said the Japanese mobilization—the greatest since July, 1937, when the war with China began—had been in progress since July 17 and was still continuing.

Troop destinations were kept secret, but advance contingents were expected to occupy newly-won air and naval bases in southern French Indo-China on Sunday, and as one Hanoi newspaper put it:

"Indo-China is on the way to Singapore and the Netherlands East Indies."

In Berlin, authorized sources declared Japan has informed Germany she is determined to oppose by every means any British attempt on French Indo-China or any threat to Japan's "new order" in the Far East.

Jap Fleet Is Halted

San Francisco reports said Japan, taking no chance of having her finest liners and cargo ships seized by the United States, clamped strict orders of radio silence on her vast merchant fleet, halted suddenly on the high seas.

Forty-two Japanese ships were reported marking time or turning

PROCEEDINGS OF  
LEE CO. BOARD  
OF SUPERVISORS

State of Illinois, County of Lee, ss.  
On Tuesday, the 8th day of July, A. D. 1941, at the hour of ten o'clock in the forenoon, the Board of Supervisors of Lee County met at the Court House in the City of Dixon in monthly meeting.

Present, Chairman Spencer and Supervisors Hemenway, Buckingham, Wagner, Vaupel, Archer, Elmer J. Miller, Leon W. Miller, Prescott, Wilson, Garrison, Higby, Dulen, Mau, Willis, Finn, Becker, Wolf, Emmitt, Hart, Mehlhausen, Cortright, Kuebel, Webber, Riset-ter and Case.

On motion of Supervisor Mau, seconded by Supervisor Case, all claims and communications on file were referred to the proper committees. Carried.

The Clerk read the applications of Hannah Chromister and Alice Carry for Blind Pensions, and on motion by Supervisor Emmitt, seconded by Supervisor Mehlhausen, the applications were referred to the Judiciary Committee and they to report at this meeting. Carried.

The following request from Dr. A. F. Moore, ex-Deputy Coroner was read to the board by the Clerk:

Dixon, Ill., July 3, 1941.

County Clerk,  
Lee County, Ill.

My Dear Mr. Schrock:

I am enclosing a check in the amount of \$16.00 collected today from the estate of Minnie Woodard, Franklin Grove, in payment of Coroner's fees. This check belongs to the county. I am therefore, asking the Supervisors to issue an order instructing the County Treasurer to receive this check.

Very truly yours,

A. F. MOORE, M. D.

On motion by Supervisor Leon W. Miller, seconded by Supervisor Prescott, the request be granted. Carried.

The following request was read from the State's Attorney by the Clerk:

REQUEST FOR APPROVAL OF APPOINTMENT OF ASSISTANT STATE'S ATTORNEY

TO THE HONORABLE CHAIRMAN AND MEMBERS OF THE BOARD OF SUPERVISORS OF LEE COUNTY, ILLINOIS:

The undersigned State's Attorney of Lee County, Illinois reports that he has heretofore appointed Warren H. Badger to act as Assistant State's Attorney of Lee County during the absence or inability to act of the undersigned, provided that said Assistant State's Attorney is to serve without compensation or salary from the County of Lee and he respectfully requests that said appointment without compensation be approved by this honorable board.

Respectfully submitted this 5th day of July, A. D. 1941.

MOREY C. PIRES,

State's Attorney of Lee County.

A motion was made by Supervisor Cortright, seconded by Supervisor Buckingham, the request be granted. Carried.

A further request from the State's Attorney was read to the Board which is as follows:

REQUEST FOR SPECIAL FUND TO THE HONORABLE CHAIRMAN AND MEMBERS OF THE BOARD OF SUPERVISORS OF LEE COUNTY, ILLINOIS:

The undersigned State's Attorney of Lee County represents that it may be necessary from time to time to investigate complaints of violation of the Illinois Liquor Control Act and of the Liquor Control Resolution heretofore adopted by this board and that a special fund should be set aside for this purpose and therefore requests that the matter of providing a special fund for investigation of such violations be referred to the Judiciary Committee for its recommendation.

Respectfully submitted this 5th day of July, A. D. 1941.

MOREY C. PIRES,

State's Attorney of Lee County.

On motion by Supervisor Buckingham, seconded by Supervisor Mehlhausen, the request be granted. Carried.

A request from the County Clerk for new records was read to the Board which was as follows:

To The Honorable Board of Supervisors:

I respectfully submit the following records that are needed for this office:

1 Inventory Record "U" Loose Leaf, Plain, Canvas Covered with Index.

1 Executors Record, Letter L—Loose Leaf, Printed, Canvas Covered with Index.

1 County Court Record No. 55 Loose Leaf, Canvas Covered with Index.

1 Inheritance Tax Docket No. 2, Bound Record, Canvas Covered with Index.

Respectfully submitted,

STERLING D. SCHROCK,  
County Clerk.

On motion by Supervisor Elmer J. Miller, seconded by Supervisor Becker, the request be referred to the Purchasing Committee with power to act. Carried.

The Clerk read a very lengthy digest of new legislation received from the State Department of Public Welfare, effecting dependent children before the board. Said legislation became effective June 30, 1941. (See digest in files). Considerable discussion was entered into by several Supervisors as well as the State's Attorney relative to the changes.

The following request from the Superintendent of St. Vincent's

Orphan Asylum was read to the Board by the Clerk:

July 5, 1941.

The Board of Supervisors,  
Lee County,  
Dixon, Illinois,

Gentlemen:

For many years past, St. Vincent's Orphanage at Freeport has cooperated with the authorities of Lee County in providing for its dependent children. A contribution in the amount of \$10.00 per month per child has been provided by the County. While this has not paid the expenses incurred by St. Vincent's, it has been of assistance. Our average cost per child is \$28.76 per month.

At this time we are faced with many problems entailing larger expenditures. In our efforts to accept the recommendations of the State Department of Public Welfare, we are providing more advantages in the house and more services after the children leave the institution. Increased costs necessitate the request for increased assistance. I feel sure that the members of the Lee County Board of Supervisors will recognize the need and the justice of a rate established at \$15.00 per month for the children at St. Vincent's.

You are united in your desire to provide the best accommodations and instructions possible for your dependent children. As a licensed agency of the State, it is our duty to provide these accommodations and this instruction.

Thanking you for your attention and trusting that the same spirit of cooperation and understanding prevailing in the past may continue in the future, I am,

Respectfully yours,

F. L. KENNEDY,

Rev. Philip L. Kennedy,  
Superintendent.

After some discussion, a motion was made by Supervisor Finn, seconded by Supervisor Hemenway that the matter be referred to the Judiciary Committee and they to bring in a report at this meeting. Carried.

On motion of Supervisor Becker, seconded by Supervisor Elmer J. Miller, the Board adjourned until two o'clock in the afternoon. Carried.

At the hour of two o'clock in the afternoon, the Board of Supervisors re-convened. Present same as at the morning session.

The Building Committee present their report recommending the allowance of the following claims, and on motion of Supervisor Riset-ter, seconded by Supervisor Dulen, the claims are allowed as read and the Clerk is directed to issue orders for the various amounts as follows:

## "TRAFFIC ACCIDENTS CAN BE PREVENTED"

MOREY PIRES,  
Exalted Ruler Elks Club

"Because no one ever involves himself or his car in a smashup intentionally, people have become accustomed to thinking of accidents as the result of something beyond the control of the driver. Sometimes they are. But with the exception of the very rare freak accident of a type that may never take place again, traffic accidents

can be prevented. Constant effort upon the part of every parent, every enforcement officer, every engineer, and especially effort upon the part of every driver is necessary if improvement is to take place.

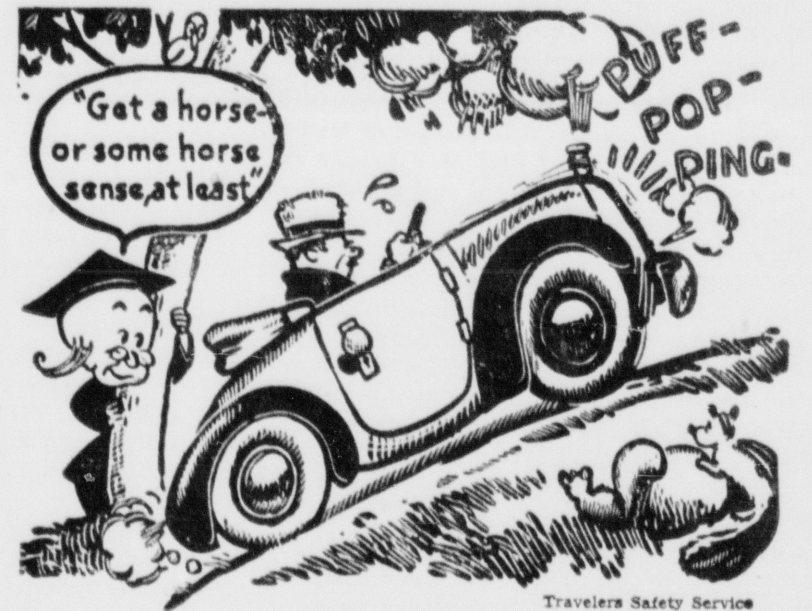

"There is no panacea or all-inclusive rule or law that will cut down the appalling damage to life and property taking place on our streets.

"Accidents usually are the final result of a string of incidents or conditions no one of which alone could cause an accident, but which when added together result in a smashup. Witnesses may report that a car skidded and that was the cause of the crash. But why did it skid? Deeper investigation may show that the tires were worn smooth, the man was driving too fast, the brakes were adjusted unevenly and the driver's attention was diverted just prior to the mishap. A whole chain of causes contributing to the accident can be traced back -- every one of them under the control of the driver . . ."

These are the statements made by Morey Pires, Exalted Ruler of the Elks' Club, in his editorial in a series of 10 full pages which are appearing in this newspaper promoting a n educational safety campaign sponsored by the Dixon Police Department and Evening Telegraph.

For the most important factor in the automobile accident situation and suggestions as to how mishaps may be prevented, read the remainder of the editorial on page 4 in this issue.

## A Thought For Today

Owe no man anything, but to love one another.—Romans 13:8.

Think not of love as a debt—due in May or in December.—Florence Coates.

## Traffic Accidents Can Be Prevented

Because no one ever involves himself or his car in a smashup intentionally people have become accustomed to thinking of accidents as the result of something beyond the control of the driver. Sometimes they are. But with the exception of the very rare freak accident of a type that may never take place again, traffic accidents can be prevented. Constant effort upon the part of every parent, every pedestrian, every enforcement officer, every engineer, and especially effort upon the part of every driver is necessary if improvement is to take place.

There is no panacea or all-inclusive rule or law that will cut down the appalling damage to life and property taking place on our streets. Accidents usually are the final result of a string of incidents or conditions no one of which alone could cause an accident, but which when added together result in a smashup. Witnesses may report that a car skidded and that was the cause of the crash. But why did it skid? Deeper investigation may show that the tires were worn smooth, the man was driving too fast, the brakes were adjusted unevenly and the driver's attention was diverted just prior to the mishap. A whole chain of causes contributing to the accident can be traced back—every one of them under the control of the driver.

For this reason you as a driver are the most important factor in the automobile accident situation. You can prevent too many contributing factors from adding, one on top of another until their combined weight or force is too much for you. You know the condition of your car, you know your own physical limitations, you can see the condition of the road and you should govern yourself accordingly.

Unfortunately there are countless combinations of circumstances which face drivers and they do not always judge every situation correctly. While there never can be a completely satisfactory substitute for good judgment, courtesy and caution will stem and hold ordinary increases in the number of accident causes tending to pile up as you drive, and will prevent their getting out of control.

Accidents can be prevented—when all drivers learn not only the rules of the road, but also the even more important, broader rules relating to courtesy, caution and common sense.

A deer was killed by an auto in the Adirondacks. Probably mistaken for a pedestrian.

## Measure of Strength

While many are dissatisfied with the rate of growth of defense strength, and none has any right to be smugly satisfied with it, there is nothing about it to cause despair. In General Marshall's biennial report, just released, some interesting marks of progress are shown. Between July 1, 1940, and July 1, 1941, the Army jumped from 174,000 to 1,400,000. From a mere framework of three and one-third divisions, it jumped to four armies, nine corps, 29 divisions.

The Air Corps a year ago had 62 squadrons of between 13 and 23 planes each. Today it has 51 combat groups of between 61 and 121 planes each, more than quadrupled.

True, it is only a beginning. But fortune has granted us the time, and it is only now that the industrial machine is beginning to turn out material in real quantity. Soon, very soon, American military strength will be less a question of material than of organization and trained ability to use it.

## A Game Two Can Play

A year ago the United States awoke to realization that it was playing the Nazi game in Latin America, and playing it unconsciously. A large percentage of sales of U. S. goods was funneling through German agents and jobbers, most of whom were doing axis work.

Something has been done. More than 1,000 U. S. accounts have already been taken away from agents in Latin America whose sympathies or activities or both were anti-American and pro-axis. More will be similarly removed and placed in new hands. The American blacklist now contains 5,000 names.

It is harsh business—not the kind of business the United States likes. But the conduct of Germans in the Americas left no choice.

We like to think of business as business. When others make business politics, they ask for a political retaliation.

## Forty-Seven Are Safer

One element of complete defense is the knowledge of the defense of cities against air attack. The United States need not yet develop anti-aircraft defenses on the British scale, but knowledge of the know-how is a first step.

Police and fire department officials from 47 east coast cities are sending representatives to Edgewood Arsenal, New Jersey, to take a course in methods of combating bombing attacks; similar representatives of 40 cities have just completed a course set up by the chemical warfare section of the Army in combating demolition and incendiary bombs and poison gas. Similar courses for cities along the Gulf and Pacific coasts, and later the central states, will be given.

Of all preparedness measures, such as these are the most purely defensive, and a country whose cities know in advance what to do in case of air attack is a less vulnerable country.

The food situation in Germany may eventually bring some counter attacks by the folks back home.

We've discovered that a mosquito can make a busy little ant look like a loafer.

August has five bath nights and September is when school starts. That's rubbing it in on the kids.

## NEWS BEHIND THE NEWS

By PAUL MALLON

(Distributed by King Features Syndicate. Reproduction in whole or in part strictly prohibited.)

Washington, July 24—The promised shake-up in the war department ordnance division turned out to be a shattering instead. Pieces of that bottleneck may never be found.

The generals have been hazy on details and a little reluctant about the whole matter, but it is clear the technical staff of ordnance has been abolished in effect. Instead of standing as a unit in the choosing of weapons for the army, it has been folded in under the industrial service division with an extensive change in personnel. A third unit in this keystone ordnance arch of defense preparations, known as the ordnance committee, has likewise experienced an overturn of personnel.

Orders for the change went out Wednesday, but were not immediately announced.

One immediate effect of the change may place more stress on the most serious deficiency of the army to date—tanks. It is unbelievable, but tanks have been sixth on the official list of prior defense necessities. Preferences for materials have been given to machine tools, naval equipment.

It begins to look like the proud Nazi general staff is mainly responsible for the initial blunder of the Russian campaign. Hitler's advertised super-human general strategists who had schemed their way through Europe with fresh military logic that amazed the world, seem to have tripped on two simple miscalculations that might make a junior grade lieutenant blush.

Of course, both Berlin and Moscow have been lying in their public utterances so extensively it is impossible to put their opposing accounts together and ascertain precisely what happened. But this much is discernible to the expert eyes here:

Hitler started four pincer movements into Russia, of the same type used so successfully on a smaller scale in Poland and France. The four mechanized attacks were aimed at Leningrad, Moscow, Kiev and toward the mouth of the Dnieper (reading from north to south). These four were to plunge straight in, then march toward one another completing semi-circles around the Russian army, which was to be destroyed in the encircled pockets. They plunged, but they could not arch. Not one of these circles could be completed.

It is therefore apparent Hitler's great military thinkers miscalculated on the great distances to be covered and on the fighting resistance of the Red army.

To cover their original mistake, the Nazis have now started smaller pincer drives from their original starting bases, designed to pinch off smaller pockets, inside the uncompleted big pockets. The first four big bites have failed; they are now trying dozens of less ambitious bites.

It may mean blitzkrieg will not work on such vast terrain, where gasoline supplies and replacements must be hauled such long distances. It could mean the new Russian methods of fighting mechanized blitzes (riding until the tanks stop for the night and then attacking, etc.) have produced the long-awaited answer to the blitz. You will have to wait until one side or the other stops lying before you can judge.

Yet it is impossible to report

## New Commandant Takes Charge of Sixth Corps Area

Chicago, July 25—(AP)—Major General Joseph M. Cummins took over command of the Sixth Corps Area today, with an endorsement of General George C. Marshall's proposal to extend the period of training selectees beyond the one year specified in the selective service act.

"The draftees," the general said at a press conference, "are the finest bunch of kids I've run across in years. They are a cross-section of the country, representing all trades and all types. They make good soldiers, which makes it all the more the pity if we should lose them at the end of one year because they will be well-trained and fine soldiers by that time."

General Cummins, his wife, and daughter, Cathleen, arrived in Chicago last night from Custer, Mich., where he was succeeded by Major General Charles H. Bonesteel, former commander of the Sixth Corps Area. He was accompanied by his aide-de-camp, Major Clyde D. Eddleman.

General Cummins, a native of St. Louis saw active service in the World war in France, serving as division machine gun officer, 7th division of the AEF.

## \$35,000 Waukegan Fire Suspected Incendiarism

Waukegan, Ill., July 25—(AP)—A \$35,000 fire that destroyed the main building of the North Shore Foundry Company here today might have been of incendiary origin, Fire Chief Thomas J. McNamara said in asking help from the Federal Bureau of Investigation and the State Fire Marshal.

President John Rause said 75 per cent of the company's business was on subcontract for defense plants.

John Novak, a watchman, discovered the fire at 5:27 a. m. in the rear of the foundry. When firemen arrived flames had spread to the front of the building. McNamara and police chief investigated a report that an explosion had occurred.

Rause hoped firemen who kept the flames from separate buildings in which valuable patterns and molds were stored.

## Lena Lindzy and Clifford Ginger Wed in Indiana

Miss Lena Lindzy of South Bend, Ind., was visiting recently with Mrs. Marvin Callow of 337 Chamberlin, her former partner of the Yodeling Redhead and Leaping Lena radio team of radio station WIND, Gary, Ind. when she met Clifford H. Ginger, manager of Ginger's Poultry House. At 8 o'clock Tuesday evening, the couple exchanged marriage vows at the parsonage of the Church of Christ in South Bend. Mr. and Mrs. Harry Mote were the only attendants.

The couple are residing with the bridegroom's mother, Mrs. Elizabeth Ginger of 1327 Peoria avenue, until their new home is completed. The bride has been employed at the home of Dr. and Mrs. G. F. Green in South Bend.

Mrs. Callow and Mrs. Ginger were heard in daily musical programs from station WIND about nine years ago. Mrs. Ginger, whose later partner was Miss Alice Murphy, Dixon organist, plays a number of musical instruments, as well as sings.

## Johnson-Dougless Bridal Is Read

Miss Vera Douglass of Lawrenceville became the bride of Jay Johnson, Jr., son of the senior Jay Johnson of Bradford township, in a noon ceremony on Sunday at the Allison Prairie Brethren church. The Rev. D. C. Ritchey performed the single ring ceremony.

Mrs. Paul Pinkstaff of Hammond, Ind., was matron of honor, and Wilbur Eichenbury of Manchester, Ind., served Mr. Johnson as best man. The bride was dressed in light blue, and Mrs. Pinkstaff wore pink.

For her son's wedding, Mrs. Johnson selected a blue silk print dress.

Multi-colored gladioli decorated the church altar. Miss Mary Zahner was the nuptial musician.

A buffet luncheon was served at the home of the bride, following the ceremony. A miniature bridal pair topped the three-tiered wedding cake.

Mr. Johnson and his bride will return from a wedding trip through Wisconsin in time for him to occupy the pulpit at the Ashton Methodist church on Sunday morning.

Both Mr. and Mrs. Johnson were graduated from Lawrenceville high school. Mrs. Johnson is a registered nurse, and her bridegroom, who is also a graduate of Manchester college in Manchester, Ind., is studying for the ministry at Garrett Biblical Institute at Northwestern university in Evanston.

The couple will reside in Evanston.

## Former Ashton Girl Is Bride

The marriage of Miss Martha Mall of Urbana, formerly of Ashton, and William J. Craig of Alton was solemnized at 4 p. m. Saturday in the Union Methodist church of St. Louis.

Mrs. Craig, who is a daughter of Mrs. Rea Mall of Urbana and a granddaughter of the Herman Malls of Ashton, was graduated from Ashton high school in 1936. After her graduation, she moved to Urbana with her mother, and was graduated from the University of Illinois in 1940, having majored in home economics in the college of agriculture. Last year, she taught home economics at Middletown high school.

The bridegroom, who is employed with the United States Cartridge company at St. Louis, was graduated from the Clinton high school, and last spring, completed a four-year course in metallurgy engineering at the University of Illinois. In August, the couple expect to go to Philadelphia, where Mr. Craig will receive special instruction for three weeks, before locating in St. Louis.

The couple are now residing at 114 East Sixth street, Alton, Ill.

## WA-TAN-YANS HAVE PICNIC

Picnic fare was enjoyed by 20 members of Wa-Tan-Ye last evening at the Parker cottage in Assembly park. Miss Lucile Stauffer, Mrs. Helen Shickley and Miss Gertrude Wilhelm were co-hostesses.

A brief business meeting, conducted by the vice president, Miss Martha Meppen, was followed by moving pictures of the Tournament of Roses parade in California the past two years, shown by Miss Wilhelm's father, Grover Wilhelm.

The August hostess committee includes Miss Lois Stimeling, chairman, Miss Martha Meppen and Miss Helen Nagel.

## WEEK END GUESTS

Mr. and Mrs. Clifford Messer of Chicago will be arriving tomorrow for a week end visit with his mother, Mrs. Lida Messer, who expects to accompany them home. Later, Mrs. Messer will spend a month in Minnesota, as the guest of Mrs. Genevieve Nicholson, a former Dixon resident, near Ferguson Falls.

More than 40 soldiers, from the air force quartered at Feltz field, Fort Wright, and Geiger air base may have felt a bit closer to home on Sunday, as they munched fried chicken and other picnic fare with the home state touch at the Illinois society picnic at Manitowish, Spokane, Wash.

Ira McLaren, a former Fulton county resident, who is now accountant and statistician in the Spokane public schools, was a member of the committee receiving the boys, who were distributed at family tables. Many of the visitors were from Chicago, and most of them met at the picnic for the first time.

R. E. McMillen, Illinois society president, read a letter from the prairie state governor, Dwight H. Green of Springfield. This was the fourteenth annual picnic, and 200 were in attendance. The other function of the society is an annual banquet held the week of Lincoln's birthday.

Mrs. McLaren, the former Grace Barton, is a daughter of Dr. J. B. Barton, a former employee of The Dixon Evening Telegraph, George R. Shuck, Stephen Grigiel and Edward Christian of Dixon were among those attending Sunday's gathering.

The McLaren's have resided in Spokane for 30 years. Mrs. McLaren was born at Sublette.

## SAN JOSE GUESTS

Mrs. F. G. Mell and daughter Mary of San Jose, Ill., will be Sunday guests at the O. S. G. Woll home on Third street. Miss Naomi Woll expects to accompany the visitors home to remain until Friday, and Mr. and Mrs. Woll will be visiting in Peoria with Mrs. Woll's mother, Mrs. Charles Wiener.

## Otto Randall Claims Bride in Yuma, Ariz.

Announcement has been made of the marriage of Miss Anna J. Malarkey of Los Angeles, Calif., eldest daughter of Mrs. Mildred Randall of Los Angeles, youngest son of the Roy Randalls of 508 Nachusa. The couple exchanged their wedding vows at 3:30 p. m. Sunday, July 13, at Yuma, Ariz., before the Rev. Mr. Bobb.

The couple will reside at 312 Eads apartments, 421 South Bixel, Los Angeles.

Both Mrs. Randall, who has been employed by the Newberry and Woolworth companies in Los Angeles for the past year, and her bridegroom were graduated from Dixon high school. ## Dixon's Aluminum Donations May Go to Over Half a Ton

## Boy Scouts Make City-Wide Canvass Today Gathering Metal

Judging from the success meeting the Dixon Boy Scout troop members in collecting discarded aluminumware from housewives it was estimated at noon today that Dixon's contributions might reach a total of 1,000 pounds. Scouts in their uniforms set out early this morning, canvassing every section of the city for aluminum utensils and large cases containing their collections were being delivered to the city fire department headquarters.

At noon yesterday, the collection which had been voluntarily delivered to the fire department, totaled about 350 pounds. Fire Chief Cramer estimated. Chief Cramer was kept busy throughout today, crushing the many kitchen utensils which were hauled to the station in cars and trucks by the Scout workers, and packing them in cartons, eliminating as much as possible the bulky articles. After the completion of today's canvass, the collection will be weighed and shipped to a central point.

Scouter Claude Currens at noon today expressed his appreciation to all who participated in the collection as well as to the donors of aluminumware. He stated that during the period of the Scout collection, some homes may not have been visited and those having articles to donate, might leave them at the city hall. He estimated that during today the Scouts had collected about 550 pounds of the valuable metal ware.

## ELSEWHERE IN STATE

Chicago, July 25—(AP)—To piles of aluminum collected in Illinois for national defense, today's prize contribution was 3,396,000, 000 golf tees, one for every person in Chicago.

The owner of a loop sporting goods store donated the metal tees, which added approximately 1,000 pounds to the 140,000 pounds of the metal collected in Chicago this week.

Elsewhere in Illinois growing mounds of aluminum pots and pans, of trinkets and junk marked the defense campaign to alleviate a shortage of the metal used in airplanes.

Waukegan reached its quota of 4,800 pounds of aluminum. Galesburg, which didn't have a set quota, piled up 4,220 pounds of old metal. Centralia officials, pleased with the public response, said metal there wouldn't be weighed until Monday. Rockford residents filled 20 truckloads in a day, from half the city.

Chairman Harold Rapalee of Elgin estimated the collection there just short of five tons.

Kankakee, one of the many cities where Boy Scouts and former soldiers cooperated with elected officials, expected to double its 1,200-pound collection. Some 700 pounds of aluminum was piled in the lobby of the administration building at the Manteno state hospital.

An aluminum grave marker was one of the Centralia contributions.

## Racial Antagonism Breaks Out in Camp of Canal Laborers

Cristobal Canal Zone, July 25—(AP)—Police reserves were called out today to quell a 90-minute conflict between Latin American workers and others imported from the British West Indies for special defense projects in the Gatun area of the Canal Zone. An entire labor camp of some 3,000 men was involved.

Several rioters were jailed, three were seriously injured and 20 others required first aid.

Police said racial antagonism was at the bottom of the trouble and denied suggestions that subversive influences were at work.

The trouble began late yesterday when some 200 men fought until police from Cristobal restored order. Fighting broke out again before dawn this morning, with workers piling out of their bunk houses, using knives and throwing bottles, stones and sticks. It took police an hour and a half to put the riot down. Considerable property damage was done in the camp.

## Terse News

(Continued from Page 1)

Sparks from a threshing machine were believed to have set fire to it. The Dixon community fire truck responded to a call and protected the farm buildings until the stack had been consumed. A threshing crew was just completing the oat harvest when the fire started at the top of the straw. The flames spread so rapidly that the threshing machine was pulled through a fence to prevent its being consumed. The flames could be seen for miles and a large crowd gathered at the scene.

There are at least 60 stars to every man, woman and child on earth.

## Japs Dream

(Continued from Page 1)

back toward Japan. There were indications that one liner, the Tatuta Maru, was headed for a Mexican port. Other Japanese vessels in Pacific coast ports rushed loading operations for a quick getaway.

On the Russian-German war front, London reports said that Adolf Hitler's invasion armies had renewed the offensive along the entire line, but that there was "no decisive result gained by either side at any place."

Hitler's high command asserted the 34-day-old campaign was "proceeding according to plan" but it acknowledged stiff Red army resistance.

**Claim Red Surrender**  
The Germans said a strong bunker group known as Emil Eyzn on the Stalin line, south of the Pinsk marshes, surrendered yesterday after a fierce, 24-hour battle.

A Soviet war bulletin said "stubborn" fighting raged all last night in five main sectors—on the Pirovsk front, north of Leningrad; on the Porkhov front, south of Leningrad; on the Polotsk-Nevel front, in the center; on the Smolensk front, where a deep German salient has been driven toward Moscow; and on the Zhitomir front, in the Ukraine.

Red army troops defending the road to Moscow reported they had annihilated an entire German infantry division (about 15,000 men) near Smolensk, and the soviet capital's aid defenses were officially credited with beating off a fourth successive night assault by German warplanes.

Unlike the three previous raids, each lasting precisely 5 1/2 hours, the Luftwaffe struck twice last night, from 9:45 p. m. to 11:10 p. m., and later in a two-hour attack.

An official soviet announcement said that only one plane penetrated the capital's defenses and that it was shot down.

## Air War Over Channel

In the channel air war, RAF pilots reported they left great fires raging in the German naval bases of Kiel and Emden in night raids, and also attacked Wilhelmshaven and Rotterdam and airfields in German-occupied France. The German high command asserted 33 RAF planes were destroyed yesterday.

Major General Raishiro Simita, chief of the Japanese military mission in Indo-China, was expected to arrive at Saigon tomorrow to direct the occupation which reports suggested would be begun with a contingent of more than 40,000 troops.

Both London and Hanoi reports saw that Vichy and Tokyo had agreed to let Japan use bases in Indo-China and reports from Saigon indicated that the French were withdrawing their forces from the area to be occupied.

## Plan Counter Measures

Extraordinary counter measures to the Japanese move were hinted in Washington. London said certain defense measures in Malaya already have been enforced.

Strict orders of radio silence were reported issued to Japanese ships at sea.

Officially Japan admitted nothing about Indo-China. A Tokyo government spokesman would say only that the foreign office was making inquiries at Vichy.

Japanese newspapers became increasingly truculent toward the United States and Britain, charging them with seeking to throw a military cordon around Japan.

Others suggested significantly that Thailand needed Japanese protection.

To the accepted fact that Japan would be installed in Indo-China bases within striking distance of Britain's Singapore, the Dutch East Indies, Malaya, Burma and the Philippine Islands the United States prepared its answer.

## U. S. May Bar Oil

Informed sources in Washington said the U. S. government probably would bar all oil exports to Japan.

The serious view Washington took of the Japanese move was underlined by a statement by Sumner Welles, Acting Secretary of State, who called Japan's move on Indo-China one of aggression.

Despite the tension a spokesman for the Japanese cabinet in Tokyo said Japan had never given up hope of betterment of relations with the United States.

Soviet troops claimed the destruction of an entire German infantry division near Smolensk as the Russians said the German drive toward Moscow gained new force with great masses of German reserves entering the fray.

The Luftwaffe attacked Moscow for the fourth successive night although the Russians said only one raider reached the city and it was shot down.

The Germans claimed their planes had extensively damaged soviet railway lines on the southern front confusing the Russian retreat.

**RAF Claims Hits**  
The British aerial offensive against western Germany and occupied France centered over its favorite targets—the German battleships Scharnhorst and Gneisenau. The best bombers in the British air force took part in the show over Brest and La Pallice with four types of machines, all taking in layers. The British said they lost 15 bombers and seven fighters but destroyed 30 German planes and scored seven hits on the Gneisenau, two on the Scharnhorst.

Germans acknowledged that the planes again penetrated northwestern Germany causing civilian casualties and damage in residential districts with loss of two RAF bombers.

The British Admiralty admitted that the Russian navy in the Mediterranean had been heavily attacked with the loss of a destroyer. A merchant ship was damaged. Italians said yesterday four

## British Commons Authorizes Loan Contract With U. S.

London, July 25—(AP)—The House of Commons today passed the financial powers bill authorizing the government to contract the \$425,000,000 RFC loan already announced in Washington.

Before the vote Sir Kingsley Wood, chancellor of the exchequer, told the House that "this agreement affords a satisfactory solution to the very difficult problem how to make the best use of our American assets for war purposes."

The loan is to be secured by British collateral in the form of holdings in American securities.

The chancellor added that it overcame objections to such financing as liquidation of British holdings in the American Viscose company, a rayon manufacturing concern, control of which British investors lost through the stock sale—a transaction which also involved a large brokerage fee for disbursing shares because of United States anti-trust laws.

Sir Kingsley said the new financing "prevents sale of such a subsidy to other interests in the same line of business."

Moreover, he went on, the RFC loan circumvents the disadvantages of forcing British-owned securities onto an "unwilling market" or interfering with "existing channels of trade."

## The War Today

(Continued from Page 1)

will for peace therefore had to be enforced by warlike action.

"Had there been such an association actively working when war was threatened, war could have been prevented. Not even Hitler would have been prepared to challenge the strength of America, Russia, China and the British Empire."

"But unless an international organization strong enough to enforce its will actually comes into existence, would-be aggressors will always be found to take a chance on beating each of the peace powers separately. In this as in other matters it is still true that in unity there is strength."

The League of Nations is dead—as dead as Old Marley—killed by war and its own shortcomings. It never can be restored in its old form.

Its critics say that heavy politics crept into it—that hostile blocs of nations were formed within the membership. Germany and others have charged that England and France dominated the organization and used it to further their own interests.

But while it's easy to criticize the league after the event, to my mind it was born either too soon or too late. It made its advent at a time when the world was in a ferment which was a sure breeder for changes by force of arms. It is difficult to believe that any organization of the kind could have survived this period of upheaval.

I visited fourteen countries of Europe as the league was tottering and the new war was boiling up. There was a very general feeling among statesmen that the time for application of collective security was past until the clash between the dictators and the democracies was ironed out.

So the first concerted effort of man to preserve the peace of the world by a congress of sovereign states ended in failure. Still, having pursued the subject earnestly among many peoples, I believe the spirit of the league still lives.

Mayhap this conflict is the terrible instrument needed to force the world back to sanity, and so we have the paradox of it taking another World war to achieve peace. And the further we go the more evident it becomes that when this purge is over the ideal of Sumner Welles and other statesmen for a brotherhood of man will have its chance.

## Justice Gunn Says He Will Seek Reelection

Champaign, Ill., July 25—(AP)—Justice Walter T. Gunn of Danville plans to seek re-election to the Illinois Supreme court next year, he told the Champaign county Republican committee last night. The committee endorsed Gunn unanimously.

Gunn was elected to the Supreme court in a 1939 special election to fill the vacancy caused by the death of Justice Lott R. Herrick of Farmer City.

There are 1,006,100 Presbyterian church members in the United States.

British ships were sunk in the attack.

The Peruvian-Ecuadorian border dispute was still boiling after Ecuador charged that at least 3,000 Japanese soldiers had been seen in the Peruvian lines.

Peru replied with a complete denial of what it called "ridiculous and contemptible" charges.

## Specific Action of

(Continued from Page 1)

cannot be discussed. If there were some one definite line we could bank on as being the one that would happen, he said, we could talk on it. But that isn't the situation."

Japan's entry into Indo-China was a specific move, Roosevelt was reminded, and it was described by Welles as dangerous to our security.

But we do not know what the move will be tomorrow or the next day, the President asserted.

## CAPITAL DISCUSSION

Washington, July 25—(AP)—Abandonment of the two-year-old policy of giving Japan access to United States oil in order to prevent aggressive action in the Pacific was considered a distinct possibility today, now that Japanese forces have moved southward to occupy strategic military and naval bases in French Indo-China.

Informed quarters here were agreed that extraordinary counter-measures were in the making as a result of the Indo-China affair—measures designed to express this country's opposition to the action already taken as well as to any further Japanese step in the direction of Singapore, the Netherlands East Indies or the Philippines.

Capitol Hill heard increasingly frequent speculation on use of the navy to safeguard American Far Eastern interests, while immediate prospects here were for some kind of economic action.

In this connection it was regarded as significant that Treasury Secretary Morgenthau cut short a visit with his parents in Bar Harbor, Me., to return to the Capital today, explaining that the national emergency made it necessary for him to do so. In the past Morgenthau has been active in working out anti-axis economic measures.

**President Explains**  
The possibility of an oil embargo arose after President Roosevelt in short blunt sentences—always he found to take a chance on beating each of the peace powers separately. In this as in other matters it is still true that in unity there is strength."

Had the oil been cut off, he told a group of civilian defense workers at the White House late yesterday, "they probably would have gone down to the Dutch East Indies a year ago, and you would have had war."

Widely considered to be among the most significant aspects of the president's statement was that it was put in the past tense.

From this was drawn the generally accepted inference that since the Japanese have acted in Indo-China he might be ready to impose an oil embargo along with other strong economic measures.

The seriousness with which the United States views the Japanese setup was made known officially yesterday in a statement by Sumner Welles, acting Secretary of State, who branded the action as one of aggression under threat of armed force and said it was taken to obtain bases for "further and more obvious movements of conquest in adjacent areas."

**U. S. Interests Threatened**  
As a result, Welles said, these other areas, including the Philippines, now are endangered and "the government and people of this country fully realize that such developments bear directly upon the vital problem of our national security."

At the Capitol, Senator Norris (Ind-Neb) declared that if the Japanese moved against the Dutch Indies it would constitute a serious threat to this country and eventually "might reach a point where the use of our navy would be justified."

Likewise, Senator Pepper (D-Fla.), a member of the foreign relations committee, declared that the Japanese "are threatening our vital interests in the Pacific and we should use any means necessary to preserve those interests."

Roosevelt told the press today he thought his observation that he agreed with the editorial captions covered the situation. Only, he added he had to ask the question about it.

"We were going to get around to it," a reporter assured him.

## DEERE BOOSTS SALARIES

Moline, Ill., July 25—(AP)—A salary increase of 5 cents an hour for Deere & Co. employees in all its plants in the United States has been announced by company officials here.

The raise, which goes into effect as of July 29, affects approximately 7,000 piece workers and salaried employees and amounts to about \$750,000 a year.

## Japanese Take No Chances on Ships Being Impounded

San Francisco, July 25—(AP)—Japan, taking no chances on having her finest liners and cargo vessels seized by the United States, imposed strict orders of radio silence today on her vast merchant fleet, halted suddenly on the high seas.

Japan was clearly apprehensive as a result of President Roosevelt's denunciation of Indo-China occupation.

Forty-two Japanese ships were reported marking time at sea, some just a safe distance offshore or turning back to Japan. Japanese ships in Pacific coast ports rushed loading operations. Sailings of two Nipponese cargo boats from Yokohama to the United States were cancelled.

The whereabouts of the fast 17,600-ton liner Tata Maru, due here at 5 a. m. yesterday, was a mystery. Last evening the big ship was seen cruising leisurely 12 miles off shore; later she had vanished. Like all other Japanese ships, she answered no radio calls.

**Fear Impounding**  
There were indications the Tata Maru might be headed for a Mexican port, Acapulco or Mazatlan, to discharge her 240 passengers including a hundred or so Americans, refuel and head back to Japan.

The Tata Maru was laden with 5,588 bales of raw silk valued at \$2,500,000—the largest single cargo of silk ever transported across the Pacific.

From Panama to Alaska, Japanese liners, freighters and tankers lay idle awaiting orders.

There was little doubt that Japanese authorities feared the valuable cargoes aboard their vessels might be impounded if President Roosevelt ordered Japanese credits frozen.

**FDR Endorses Idea Sen. Wheeler 'Goes Too Far'**  
He Says to Reporters

Hyde Park, N. Y., July 25—(AP)—President Roosevelt said today that he agreed with the captions on two morning newspaper editorials which read "On Dangerous Ground" and "Mr. Wheeler Goes Too Far."

He volunteered that observation at a press conference, and this recalled the controversy between the administration and Senator Wheeler (D-Mont.), one of the severest critics of current foreign policy.

Secretary Stimson read a statement to reporters in Washington yesterday in which he assailed Wheeler for distributing cards suggesting that the recipients ask the President and Congress to keep the country out of war. Some of the cards went to men in the army and Stimson said the Senator's action "comes very near the line of subversive activities against the United States, if not treason."

### Army to Provide Vacation Camps; All Play, No Work

Chicago, July 25—(AP)—A camp to provide recreation facilities for troops from Chanute Field and other soldiers vacationing in central Illinois will be constructed soon at Decatur. Major General Joseph M. Cummins, Sixth Corps Area commander, announced today.

The camp will occupy 3 1/2 acres of a 27-acre park area east of and adjacent to Lake Decatur. Ninety tents, floored and framed, will be erected to accommodate 500 men.

Major J. E. Wilson, infantry, will command the camp. It will be all play and no work—or drill—for soldiers attending the camp. There will be facilities for tennis, basketball, golf, swimming, boating and fishing.

The army planned to transport men from Chanute Field to the camp—a distance of 65 miles—by motor convoy. For the past three years Chanute Field has operated a camp on the Illinois river at Havana.

Date for the start of construction will be announced later. Army headquarters here said that the camp may not be opened until 1942.

Two other camps in the Sixth Corps Area are under construction, one in Chicago and one in Detroit. The purpose of the camps, Gen. Cummins said, is to provide soldiers on leave a place for recreation at nominal cost. The only charge will be for meals.

**ALMOST UNANIMOUS**  
When James Monroe was elected to a second term as President in 1820, he received 231 electoral college votes against one vote for John Adams. Of the seven votes cast by New Hampshire, one went to Adams.

### C. I. O. Oils Up New Lobbying Machine in Washington, D. C.

#### Performs Neatest Job Capital Has Seen in Long, Long Time

By PETER EDBSON  
Evening Telegraph Washington Correspondent

Washington—Chalk up for C. I. O. and its affiliated Labor's Non-Partisan League the neatest job of lobbying that Washington has seen in a long time.

The result of the lobby was the defeat in the House, 220-149, of the Connally-May amendments to the Selective Service bill, which in brief would have authorized the President to take over national defense plants where production is threatened by labor disputes and authorize the Army or Navy to keep defense plants open during labor disputes. Those amendments, tacked onto the bill without hearings, had been considered fairly sure of passage, as they were the first of the so-called defense-labor bills to reach the floor. But so effectively was the CIO-LNPL lobby organized that at least 100 congressmen were persuaded to veto against the amendments, giving the labor forces one of the biggest victories in months.

The real story of how the labor lobby worked is just now coming out. Congressman Howard Smith of Alexandria, Va., chairman of the House committee which investigated the National Labor Relations Board last year, referred to the lobby as a "goon squad" but it was anything but that.

The lobby was made up of the best-looking, the smartest, and the highest type of labor representatives that the C. I. O. unions could find. They were recruited from all over the country. They were carefully schooled, not only in what they were to say, but what they were not to say. The importance of being courteous to the congressmen was stressed, and also the fact that there must be no threats, not even of withdrawal of labor support at the next election.

#### Lobby Lieutenants

General credit for organization of the labor lobby goes to four men—John T. Jones, C. I. O. legislative representative and director of Labor's Non-Partisan League; Lee Pressman, C. I. O. general counsel; Len DeCauxe, editor of C. I. O. News; and a newcomer, Russ Nixon, an assistant to Jones. For the last five years Nixon has been at—of all places—Harvard University, getting himself a Ph. D. degree, doing a little teaching in labor relations, acting as secretary of the Massachusetts branch of the LNPL. He has been in Washington only a few months, but if the organization of this type of labor lobby is in any sense his work, the affable young man will be heard of further.

Organization of the lobby began on Friday, June 13. The Vinson bill, providing for cooling-off periods and arbitration of labor disputes was scheduled to be called up in the House for June 23. The four men named above, deciding that something had to be done to check the flood of "anti-labor" legislation being proposed in both Houses, sent out calls on Friday the 13th to over 30 of their international unions, asking them to send in four or five of their best men for two weeks' work in Washington. Then the Vinson bill was laid on the table and the Connally-May amendments substituted.

Nothing much happened during the week of June 29-July 5, and the original delegations went home, but before C. I. O. headquarters had sent out a call for a July 7 meeting in Washington of six picked delegates from each C. I. O. international and two from each LNPL state headquarters. In all, about 250 came to town. They were immediately given a course in how to lobby, without benefit of the usual lobbyists' tricks—the cocktail party with entertainment. This was strictly an open, business-hours lobby.

**Turning On the Pressure**  
The men were split up into geographical units. They were given lists of the congressmen from their states and lists of the unions in each congressman's district. They were told where the congressmen's offices were, and they were told the procedure for calling congressmen off the floor and buttonholing them in the corridors of the Capitol itself. There were

some amusing sidelights here. Some of the labor men, respectfully, didn't think they should bother the honorable congressmen while they were in session. The boys got over that as soon as they were shown congressmen napping in the cloakroom, reading newspapers on the floor, and in general playing horse all over the place.

Where the going was a little tough, wires went out to the local unions in the congressman's home district. And wires came back from the local unions to the congressman, telling him how his constituents felt about this legislation. This double pressure will get almost any congressman, almost every time, and it worked here perfectly.

The strictly amateur character of the lobby was one of its strongest assets. There wasn't a lawyer in the bunch, and it didn't operate as lobbies usually do, with form letters and city slickers. Some of the lobbyists were talked out of their positions on the first call on their congressman, but they came back to headquarters, got new answers, and went back to outtalk even the congressman.

#### A New Permanent Force

When the votes were counted, the Connally-May measure was licked by 89. C. I. O. headquarters' tally takes credit for switching at least 100 votes.

But the important thing is that the labor forces have learned a trick. They haven't the money to call in a lobby like this for every measure they don't like. But they can do it again when they think it necessary against the Vinson bill, the Ball bill, the Reynolds bill, another May bill, the Disney bill or any of the others.

#### ANNUAL BROODS

Although it takes each individual 17 years to mature, 17-year locusts are to be seen every year, since broods hatch annually.

### Conferences Open on New Rail Wage Increase Demands

Chicago, July 25—(AP)—Railroad management representatives opened conferences today with chairmen of 14 non-operating brotherhoods on the unions' demand for a boost of 30 to 34 cents an hour in the wages of about 800,000 members.

Heading the respective delegations were F. C. Gurley, chairman of the Carriers' Executive Committee; Bert M. Jewell, chairman of the Railway Employees Department of the American Federation of Labor; and George M. Harrison, president of the Brotherhood of Railway Clerks.

One conferee explained that customarily in the preliminary stages of such negotiations "there is a great deal of pulling and hauling, as each side sets forth its position, before we get down to brass tacks."

The non-operating workers—clerks, telegraphers, machinists and similar craftsmen—asked a boost from current minimums of 36 to 85 cents an hour to 70 cents to \$1.15 for various grades.

Yesterday representatives of the carriers and 350,000 members of the five operating brotherhoods began negotiations on union demands for a 30 per cent raise in their basic pay, lowest of which is now \$5.06 a day for switch tenders.

The Methodist Church

William L. Manny, minister. Summer worship at 10 a. m. Sermon, "The Master of Men" by the pastor. Church school children as well as adults come at this hour. The church school classes follow the worship under the supervision of D. Cameron Findlay.

The Epworth League will meet at the home of Mr. and Mrs. O. F. Marsh at 5 p. m. Sunday afternoon.

Union service on Cable Square at 7:30 p. m. Rev. R. W. Ford of Dixon will preach.

Reverend R. W. Ford, pastor of the Christian church of Dixon will be the speaker at the Union outdoor service on Cable square Sunday evening at 7:30. It was announced in these columns last week that Reverend Ford would be the speaker last Sunday. That error was due to a brain-storm on the part of the adviser of the Young People's department of the Council of Churches, which sponsors these services, and should not be charged against our reliable editor of the Index.

The large attendance last Sunday indicates the friendly interest in the home town boy who makes good. For Reverend Martin Kabele who spoke last Sunday evening is the son of Reverend George Kabele, a former pastor of Trinity Lutheran church, and many citizens remember Martin as a Mount Morris boy. Reverend Kabele gave an inspiring sermon on the theme, "Pressing On Toward the Goal." His Mount Morris friends are glad that he is now the pastor of the Polo Lutheran church.

Reverend Ford who will speak this Sunday is also a young man, well accepted in his denomination, and capable of giving another timely sermon.

Reverend Wm. L. Manny returned from the Methodist camp at Lena last Saturday evening to conduct the services in the local Methodist church. Reverend G. Bruce Cameron, district secretary of the American Bible Society, who has been visiting in the Francis Asch home, spoke briefly, outlining the present work of the Bible Society.

In the afternoon Reverend Manny, Mrs. Manny and their son Charles returned to Lena for the closing services of the camp meeting. On Monday the Mannys visited Freeport industries and places of interest, and returned home in mid-afternoon.

Reverend Arthur Klontz, graduate of Mount Morris college and now minister of the Boulevard Temple Methodist church of Detroit, Mich. was the camp meeting speaker, and delivered a masterful series of sermons. Mrs. Klontz, nee Blanch Householder, was in Mount Morris last Tuesday.

Trinity Lutheran Church

Program of activities beginning Sunday, July 27, 1941: Seventh Sunday after Trinity. 10:00 a. m. Sunday, the service and sermons.

7:30 p. m. Wednesday, Glad Hand Club picnic at the Pines. If you have no church home you will find a hearty welcome at these services.

C. H. Hightower, pastor.

Church of the Brethren

Foster B. Statler, pastor. The unified service of worship and instruction convenes at 10:00 a. m. and closes at 11:30. The pastor will preach.

The mid-week service will be held Thursday evening at 7:30.

The Christian Church

W. Harold Wiltz. "Amos—A Cry for Justice" is the subject of the sermon for Sunday morning. This is the third in a series on the Prophets which will be brought to a close the following week when Jesus as a prophet will be the theme for the sermon. The service begins at 9:30 and is followed by the Church school period. At the close of the school a service of baptism will be held for Mrs. Harold Marchant and Mrs. Cecil Williams both of whom have recently taken membership with our church. The public is invited to attend the entire unified service if no other church claims your loyalty. The official board will meet Monday evening at 7:30. This meeting is a week previous to the regular time, due to the vacation plans of the pastor.

The church will meet this Sunday in its redecorated sanctuary. The color scheme has been altered to harmonize with the divided chancel dedicated last spring. The pews have been repaired and refinished and the general appearance improved greatly. The church, by means of these improvements, has taken a forward step in the art of worship and a fellowship has been developing which enriches the lives of all who meet together for the Sunday service of worship and instruction.

ENOUGH'S ENOUGH

In the early days in the north-west, farmers and homesteaders had a hard time.

Said a homesteader to a storekeeper one day, "Gimme a slab of bacon."

"Big or little slab?" inquired the storekeeper.

"Biggest slab you've got. I've eaten so many cottontails and jackrabbits that every time I hear a dog bark I run under the porch."

Out of 1,400,000 deaths in the U. S. in 1939, there were 29 caused by scurvy; 40 by beriberi; 168 by rickets and 2,419 by pellagra, all from under nutrition.

## All-Star Soft Ball Teams of Polo and Forreston to Meet

### First of Series of Contests at Forreston Monday Evening

All-Star softball teams from the Forreston and Polo softball leagues plan a series of two games with the first one to be played Monday night, July 28, at 8 o'clock on Leisner field in Forreston. The second is to be played at Polo high school field one week later, August 4.

Forreston's starting lineup, chosen by the six managers of Forreston's teams is as follows: John Deuth, pitcher; Henry Swallow, catcher; Wendell Duitman, first base; Lloyd DeVries, second base; Paul Miller, shortstop; Robert Heitz, third base; Leo DeVries, left field; Warren Schmidt, center field; Ike Lahre, right field, and Harold Kaiser, shortman.

The eight managers of Polo's teams chose two men for each position and selected co-managers Mort Crow and Magnus Rugland to take charge. Polo's lineup is as follows: Hoss, Livingston, pitchers; Nick McGrath, Schaefer, catchers; Frey, Deets, first base; Carl Smith, Weigle, second base; Wooding, Neil Smith, third base; Typer, Samuels, shortstop; Rucker, Cross, shortstop; E. McGrath, Holby, left field; J. McGrath, C. Bowers, center field; R. Linker, Fawcett, right field.

A great deal of interest has already been created among the fans of both towns and a banner crowd is anticipated for each game. It is likely that a third game will be played if the teams split in winning these two games.

**Officials Selected**  
The umpire-in-chief for the game at Forreston, July 28, will be Everett Henderson of Mount Morris. Henderson is a well known basketball and football official in northern Illinois and has also been a capable softball twirler in Mount Morris.

Glenn Mase, Jr., Forreston's youthful sportsman, and himself the regular short fielder on a Forreston softball team, will be the official scorer of the event.

The Forreston team managers are Milo Garman, George Lentz, August Zundahl, Harold Birkholz, Martin DeVries, and Charles Frisbie. Milo Garman has been selected to manage the All-Star team with George Lentz serving as his assistant.

Forreston's six team league which has been thriving for four seasons is governed by a three man board of control: Mayor Joe Maas, chairman, and A. J. Taylor, and H. M. Wubben, John Masterson is secretary-treasurer of the organization.

In addition to the starting lineup named above the Forreston squad includes the following 16 players: Harry Cheeseman, Edward Swallow, Wilfred Franks, John Markman, Harry Schneiderman, Lester Kielman, Sam Modica, Marvin Muller, Harold Birkholz, Ralph Erdman, Ralph Gronewold, Francis Black, Emmert Zundahl, Ted Frisbie, David Taylor, and Emerson Cheeseman. All players participating in this All-Star event are regular players on one of the league teams in Forreston and Polo.

## Uncle Sam Quick, Says Tigers' Star

Winston-Salem, N. C., July 25—(AP)—You can take it straight from Dick Wakefield, the University of Michigan wonder boy, Uncle Sam didn't wait long to come around for his cut of that reported \$45,000 bonus which the Detroit Tigers paid him to sign a professional baseball contract.

About half of it went to the government, says Wakefield, the other half went to annuities. And that leaves young Wakefield taking his cuts with the rest of the boys in the Piedmont League, trying for a big-league salary.

Assigned by Detroit to the Winston-Salem Twins for seasoning, after a month of American League "atmosphere" with the Tigers, Wakefield started his minor league career like Joe Doaks from Bushtown—no hits, no runs, no errors. His first outfield catch of a fly ball was awkward, but his second was a circuit recovery of the kind which won him fame in the Big Ten.

"If I don't get to the majors in three years," he told Sports Editor Nady Cates of the Winston-Salem Journal, "I'll be disappointed. My greatest ambition is to lead the American League in hitting."

## Young Southpaw's Pitching Putting Cardinals on Top

St. Louis, July 25—(AP)—Who is this Ernie White who has pitched the St. Louis Cardinals right back into first place in the National League by racking up three mound victories in as many days? Both the New York Giants and Brooklyn Dodgers, his chief victims, will tell you he's one fine, hard-working southpaw and they regret the day he ever changed his mind about becoming a first baseman.

Always clamoring for work, Ernie chalked up his tenth victory yesterday by stopping the Giants cold in relief role, just as he had the previous day to win No. 9. The day before he drew the starting assignment against Bill Terry's crew and recorded victory No. 8 although he didn't finish the game.

The pennant-mad Dodgers have been set down three consecutive times by the 24-year-old southpaw, whose chief stock in trade is a dazzling fast ball mixed with a fair curve he has developed steadily under guiding hand of the Cards' veteran catcher, Gus Mancuso.

**Strong Arm Best Asset**  
A strong left arm always has been White's chief asset, but his batting ability was better advertised around his native Pacolet Mills, S. C., when he was trying to crash organized baseball as a first baseman.

It was at Pacolet Mills one holiday afternoon while the tow-headed youngster was working out at first base, that the home town semi-pros regular moundsman became ill.

Ernie and his whip-lash left arm were rushed into the breach and the opposition was sent home reeling from a one-hit shutout.

From there it was just hop, skip and jump to the majors for Ernie. He won 15 and lost six for Houston in the Texas League in 1939 and burned up the American Association with a 13-4 record and 2.55 earned run average for Columbus.

Early this season he compiled a string of 28 scoreless innings during which both Dodgers and Giants were victims of two-hit whitewashings.

### AROUND AND ABOUT

If you think you have to play on a big college team to make a name for yourself, what about all the votes 19-year-old Phil Dyan of little Rockhurst College is getting for the All-Star team?

Randy Scott, the he-man film star, has four birdies to his credit in the Peter Dawson national ringer tournament. Willie Turnea, former amateur golf champ, now in business in Detroit, has been promoted to the point where he has to have a secretary.

Ben Hogan, who has finished in the money in 51 consecutive tournaments, never has seen a big league ball game, but he is planning to take time off in October to see the Yankees and maybe the Dodgers.

Until beaten by Kirby Higbe Wednesday night, Frank McCormick had a streak of 549 consecutive big league games.

### TODAY'S HAW

Since Fordham started to crash the football big-time some years back, Boston College hasn't been considered big enough game for the Ram schedule.

Just the same, seven Boston College players have been picked for the eastern all-star team which will be coached by Jim Crowley—of Fordham.

## Golf Pros All Out to Stop Ben Hogan

(AP)—Maybe little Ben Hogan can add more cash to the \$11,000 he has won already this season by finishing well up in the \$7,500 open golf tournament starting today, but if he does it will be only after a battle.  
Grapevine reports say Hogan's feat of placing in the money in 52 consecutive tournaments have aroused the other pros and they are out to stop him this time. But the 135-pound Texan will take some stopping, for he apparently is definitely on his game.  
Hogan fired a 67 in the pro-men's preliminary round over the sun-baked Keller course yesterday, which is five under par, but he still was behind Sam Snead, the Hot Springs expert, who was as hot as the weather. Snead blasted out a 66 while the mercury soared past 100.  
Lloyd Mangrum of Monterey Park, Calif., also turned in a 67 yesterday as did Johnny Bulla, the big, hard hitting Chicagoan. Mangrum's score coupled with a 77 for his partner, Mrs. Lucile Mann of Omaha, Neb., was good enough for first place in yesterday's event.  
The first of the 170 players were scheduled to tee off at 8:30 in the opening 18-holes of qualifying play. A second 18-hole round comes Saturday with the low 60 battling in the 60-hole finals Sunday.

## Disintegration of Net Champ's Game Remains Unsolved

Sea Bright, N. J., July 26—(AP)—The engine that is Donald L. McNeill, tennis champion of the United States, remains unsolved.

"For the life of me, I don't know what's wrong. Your guess is as good as mine". This from McNeill himself. It doesn't take an expert to pick out glaring flaws in McNeill's technique. McNeill knows there's plenty wrong with it, but no one yet has been able to offer an explanation for the disintegration of a game that carried the modest, soft-spoken Oklahoman to the top of the heap last year.

Some say it's a loss of confidence, but McNeill says not, "I feel better than I've ever felt before", he says. "When I go out on the court, I feel I can win and I play to win, but the shots just don't go where I want them to".

**Victim of Upset**  
Yesterday, in the quarter-final round of the 54th annual Sea Bright tournament, McNeill fell victim of the tournament's biggest upset. He was beaten by 20-year-old Ted Schroeder in straight sets, 6-3, 7-5.

McNeill wasn't the only victim, for while McNeill was being defeated by Schroeder, Frankie Parker was being crushed by Wayne Sabin, 6-2, 6-4.

Today's semi-finals will pit Sabin against Schroeder and Bobby Riggs against Gardner Mulloy. Riggs, seeking his fourth Sea Bright title, yesterday eliminated Jack Kramer, while Mulloy, upset-victim over Frank Kovacs on Wednesday, took care of Ladislav Hecht.

In the women's semi-finals today, favor Mrs. Sarah Palfrey Cooke will oppose Dorothy Bundy, and Helen Jacobs will face Helen Bernhard.

## Present Cardinals Next Best Thing to Old Gas House Gang

### Are Playing With Abandon Never Equalled in Major Leagues

(Associated Press Sports Writer)  
There never will be another "Gas House Gang" until there is another Pepper Martin, but the present St. Louis Cardinals are the next best thing.

They are a hard-hitting, fast-running, never-say-die outfit with eight hitters batting more than .300 and seven pitchers with a winning percentage, four of them having a combined won-lost record of 36-11.

They have a bristling, fiery-eyed little boss named Billy (The Kid) Southworth, who plays his cards with an abandon never equalled in the major leagues.

This explains how the Redbirds have performed such phenomena as winning 20 games by one run and how one pitcher, Lefty Ernie White, captured three contests in as many days to sweep a series from the New York Giants.

The Cardinals nosed out the Giants 3-2, yesterday to bag their second extra-inning tilt in two days. White, last of four pitchers used by Southworth, fanned two men in the tenth to get credit for his tenth triumph of the season.

**Strange Encounter**  
It was a strange encounter, played in 100-degree heat before 12,000 fans, only 3,000 of whom were paying customers.

The Giants made only four hits in the regulation nine innings, five altogether, but one was Babe Young's single with the bases loaded in the first. This was good enough to give New York a 2-1 lead with St. Louis having two out and nobody on base in the last of the ninth.

Then the Cards broke out with one of their famous rallies. Frank Crespi and Terry Moore, who hadn't hit all day, singled and Johnny Hopp doubled, scoring Crespi, but Moore was tagged at the plate.

In the tenth Enos Slaughter singled and Jim Brown doubled for the winning run, giving the Cards their fifth straight victory and exclusive possession of the National League lead, a half-game ahead of the idle Brooklyn Dodgers.

The defeat tossed the Giants into a fourth-place tie with the Pittsburgh Pirates, who edged out the Phillies, 3-2, in the ninth for their 19th victory in 26 contests. The Pirates were shut out by Lee Grissom tied the seventh, but got one run then and two in the ninth. Stu Martin's single with the bases loaded providing the winning margin.

**Dahlgren's Homer Wins**  
Babe Dahlgren's sixth-inning homer, his 14th of the season, snapped a tie and gave the Chicago Cubs a 5-4 victory over his former teammates, the Boston Braves, in the other National League engagement.

The New York Yankees continued their triumphant stride at the front of the American League, beating the Cleveland Indians, 4-1, and stretching their first-place margin to 10 games. Charley Keller's 24th homer with one on in the fifth decided the issue, pointing the Yankees to their sixth straight victory and 37th in 43 games. It was the 12th time they had beaten the Indians in 16 games.

Catcher Bill Dickey was beamed by one of Jim Bagby's fast balls, but the blow was a glancing one and he was able to walk off the field unassisted, apparently just shaken up. However, he was kept in a hospital overnight.

The Philadelphia Athletics made 13 hits, including homers by Sam Chapman and Benny McCoy, to whip the St. Louis Browns, 9-7, and take over fifth place from the Detroit Tigers, who were beaten again by the Washington Senators, 6-5. Hal Newhouse gave only six hits, but walked nine, including three men in Washington's four-run ninth inning.

The Boston Red Sox retaliated for Wednesday's shelling by the Chicago White Sox with an 11-1 drubbing of the Chicago crew. Mickey Harris allowed only six hits and Boston made the most of 10. Jim Tabor hit a homer with the bases loaded and doubled two other runs across.

### Nibble Hanover Sets Three Trotting Marks

Old Orchard Beach, Me., July 25—(AP)—Three new world records went into light harness racing's annals today alongside the name of Nibble Hanover, big bay stallion owned by Dunbar W. Bostwick and Mrs. Ogden Phipps, Jr., of Old Westbury, N. Y.  
With Harry Whitney on the reins, the five-year-old sped one in 1:58.4, and a second in 1:59 to win the Grand Circuit's Goldsmith Maid trot worth \$4,500 here yesterday.  
The first mile was the fastest ever trotted by a stallion in competition and the fastest first heat ever trotted in any race. Together, the two trips over the "Kite" track constituted the fastest two heats of trotting on record.

## 10 Teams Remain in Illinois Semi- Pro Title Tourney

Kekonee, Ill., July 25—(AP)—Ten teams remained today in the chase for the state semi-professional championship and at the top of the heap was the powerful Peoria Gips with a record of three victories and no defeats.

The Peorians continued their march last night by turning back the Port Byron Merchants, 6 to 1. In a game which featured the masterful twirling of Wallie Wyss, who, earlier in the tourney, came up with a no-hitter. Last night he hurled six hitless innings. The loss was Port Byron's second, thus shunting them to the sidelines.

In the night's other offering, the big House nine of Springfield outlasted the Tri-County All Stars of Cooksville in a 10-inning contest to win, 8 to 6. Dressback, the All Stars' first pitcher, struck out 15 men out Springfield bunched 10 hits to drive across the necessary runs, scoring twice in the last frame to break the deadlock. Vic Trahd, who went the route for Springfield, whiffed 10 batsmen. The victory gave the winners a two won-one lost record, while Cooksville defeat ended its title hopes.

Tonight's schedule pits the potent Joliet Schlitz Beers, with a two won-none lost record, against the Johnson Seashore Motors of Waukegan who have won their only game. The Andover Swedes and Sheffield Indians meet in the other game.

### Sports Shorts

The Junior American Legion baseball team will leave Legion hall at 12 o'clock noon Sunday for Ottawa, where they play in the afternoon. All members of the team should be at the hall promptly.

The Dixon Knacks will play in Maytown Sunday afternoon and many local fans will accompany them.

Reynolds Wires softballers defeated the United Cigar Store last evening in an interesting game, the score of which was 5 to 2. Feature of the contest was Shires Miller's home run with two on.

Because the Elgin team wishes to get home as early as possible the first softball game at the Dixon Airport this evening will start at 7:00 o'clock promptly. In this game the Elgin Watch Co. meets the United Cigar Store, while the second game will be between the Elgin Girls and the Dixon One-Stop Service Girls.

Dixon Boy Scout leaders were notified today that the district swim meet which was originally scheduled to be held at the Spring Lake pool at Rochelle Saturday afternoon at 3 o'clock, will take place at 7 o'clock in the evening. A number of contestants from local troops are expected to attend and participate in the several events.

County Treasurer Ward Miller will doff his bifocals which are necessary to compute the tax accounts of Lee county on Monday, Aug. 4, and journey to Milwaukee, Wis., to join Manager Charley Grimm of the Milwaukee Brewers and several other baseball stars in an Old Timers game. On the evening of Aug. 4, Ward will use anti-glare lenses as he takes his place in the outfield to snare fly balls and will again swing the hickory at the plate in Milwaukee's ball park.

The ever-popular Charley Grimm, for years first baseman for the Chicago Cubs, is assembling quite an array of former big leaguers for the Old Timers game. It is to be a five inning affair with the regular Milwaukee Brewers team furnishing the opposition. County Treasurer Miller today forwarded his acceptance of Manager Grimm's invitation to join the Old Timers on this occasion.

Several hundred Dixon children continue to enjoy the program of varied entertainment which is outlined by the corps of efficient instructors. Basketball at the E. C. Smith and South Dement avenue courts attract many of the youngsters. Each Friday, a large group goes to Lowell park where they enjoy an all day picnic outing. John Jensen and Mary Trombold conduct the classes in swimming instruction. Thursday afternoon children interested in tennis are urged to report at the high school courts. Wednesday, a large group enjoyed a bicycle hike to Lowell park. Those children interested in roller skating report at their playground Monday afternoon to be taken to the rink. A playground ball team organized and managed by John Jensen is seeking

Ambulance Drivers Who Escaped Nazis Are En Route Home

Washington, July 25—(AP)—Five young American ambulance drivers who carried out daring escapes from Nazi guards in German-occupied France after an earlier brush with death in the sinking of the Zam Zam headed homeward today.

Two of them, James Stewart, 36, of Oneonta, N. Y., and Thomas O. Greenough, 30, of Lakemont, N. Y., already have sailed from Lisbon on the American liner Excalibur. The other three who escaped were in Lisbon, awaiting passage home on the naval transport West Point, along with 16 fellow-drivers who were released by the Germans after being held in a camp at Lure in occupied France.

Stewart and Greenough, according to accounts reaching here, eluded guards and jumped out of a train window June 29, although they had been warned the guards had orders to shoot to kill in the event of an attempt to escape. Later they made their way to Marseilles in the unoccupied zone, where the American Consul arranged for their passage to Lisbon.

William R. Davidson, 22, of Worcester, Mass., Ray Colcord, Jr., 24, of Kansas City and Donald King, 25, of Washington, D. C., escaped from camp at Lure on July 8 in an undiscovered manner. They reached Lisbon by way of Switzerland and Marseilles.

The other 16 drivers were released recently as a result of negotiations which involved the return of ousted German and Italian consuls from the United States and of American consular officials from axis countries.

Patriotism Theme of Rally-Picnic At West Brooklyn

Sunday, Aug. 3 Will Be Red Letter Day in Village History

Thousands of people will trek to West Brooklyn on Sunday, Aug. 3 to participate at the annual homecoming picnic sponsored by the members of St. Mary's parish of which Father Russell J. Guccione is pastor. It will be remembered that Father Guccione, while at Apple River, gave the public many enjoyable and popular picnics.

This year, he says, will be a most notable year in the life of West Brooklyn. The event will be a patriotic rally. Prominent speakers have been secured and in the afternoon Hon. Paul G. Armstrong, chairman of the Illinois Selective service, will give an address. His talk will enlighten the public on the operations of the various draft boards. Many undoubtedly remember Armstrong as Past State Commander of the American Legion and for his reputation as a good speaker. The evening guest speaker will be the veteran Major General John V. Clinin of Chicago. He was a colonel in the last World war and today is with the Illinois Reserves and a member of the famous 33rd. He is scheduled to give a most interesting talk on present war operations as he is an authority on war maneuvers.

**Plan Decorations**  
The school hall is to be decorated in the national colors of red, white and blue, the tables being carried out in similar color combinations. The waitresses will wear appropriate uniforms, conforming with the color scheme which will make a most attractive place for the serving of the delicious chicken dinner with all the trimmings. Hours for dinner serving begin at 10:30 (CST) until all are served and for the evening meal, a most tempting baked ham supper, offered to the public in the West Brooklyn hospitable style.

Entertainment of every kind has been prepared for both young and old. Band concerts, songs and many other features will help make the day one long to be remembered in the annals of West Brooklyn history. If you have been unfortunate as to have missed these annual homecomings of the past, don't make the mistake of being absent from the one being prepared for you this year by the committee and members of St. Mary's parish—in fact—all of West Brooklyn is waiting to welcome you.

**MANY NEW CITIZENS**  
Chicago, July 25—(AP)—Fred A. Schlotfeldt, Chicago district director of immigration and naturalization, reported yesterday that 39,785 persons in this area were naturalized in the year ending June 30, a new high.

This figure, compared with 30,293 a year ago, included 13,043 in northern Illinois and Indiana and southern Wisconsin and 26,742 in Chicago.

Chicago Elevator Fire Loss Put at \$400,000

Chicago, July 25—(AP)—Damage which Deputy Fire Marshal Anthony Mullaney estimated at \$300,000 was caused by a fire and explosion which destroyed one of two sections of a grain elevator on the southwest side.

Some 325,000 bushels of corn, most of it owned by the government's Commodity Credit Corporation, were stored in the elevator. A portion of the grain was in the destroyed section, the rest in adjoining concrete storage tanks.

No one was injured although six workmen escaped from the elevator only a few minutes before the explosion ripped the roof from the structure.

Firemen blamed spontaneous combustion for a blaze which in turn touched off a dust explosion. The Grand Trunk Railroad owns the elevator but it was leased by a grain firm which then

Green Vetoes Bills Which Would Have Piled Up Taxation

Praised by Federation; \$12,200,000 Saved It is Estimated

Springfield, Ill., July 25—(AP)—Governor Green has vetoed bills which would have added an estimated \$12,200,000 to the taxing and bonding powers of cities, counties or other local government units in Illinois, a survey showed today.

In establishing a new high record of 81 bills vetoed in a single legislative session, the governor also disapproved other bills calling for \$281,961 in outright state appropriations.

The estimate that executive vetoes killed \$12,200,000 in tax and bond authorizations was made by the research division of the Taxpayers' Federation of Illinois.

Possible increases in local government expenditures voted by the 62nd general assembly were reduced from a total of \$20,860,000 to \$8,660,000 by vetoes, the federation's analysis showed.

Major vetoes listed in the survey were those which nullified a proposal \$4,000,000 Cook county bond issue to satisfy judgments; a \$4,000,000 bond issue for the Chicago sanitary district for operation of garbage disposal plants; \$2,000,000 in increased taxing authority for unit (12 grade) school districts in downstate counties; \$500,000 for residences of school principals or superintendents; \$552,500 for downstate police pensions, and \$1,100,000 in possible blind

sub-leased it to the government agency.

pension tax increases in all Illinois counties.

Thomas E. Fiske, executive secretary of the Taxpayers' Federation, said in a statement: "Governor Green is to be commended for refusing to approve measures permitting higher tax rates, increased indebtedness and new taxes for local governments without the consent of those who must ultimately pay the bills. His action is especially important in view of the greatly increased burdens all taxpayers will have to bear for years to come to meet the tremendous costs of national defense. He courageously used the power veto."

State appropriations vetoed included \$100,000 for administration of a proposed small loans act, the same amount for emergency cigarette tax administration, and \$75,000 for administration of a proposed currency exchanges regulatory act.

Several minor appropriation bills

were disapproved, and the governor ordered the finance department to withhold payment of about \$90,000 of additional appropriations, to veterans' and semi-private organizations, pending court tests of the validity of the bills.

KENDALL CO. CELEBRATES

Yorkville, Ill., July 25—(AP)—The Kendall county centennial celebration opened today and will continue in this small northern Illinois county seat for three days.

A program of historical shows and parades was arranged for the celebration, with the children's parade held today. Tonight the queen of the centennial will be crowned. An historical parade is scheduled tomorrow. A musical program will be held Sunday in Bristol park.

Class I railroads on June 1 had 65,047 new freight cars on order, the largest number since 1924.

LIONS CLUBS DIRECTOR

New Orleans, July 25—(AP)—Harry J. Hoerner of Elgin, Ill., was one of nine men nominated for the board of directors of Lions International. From this group six will be chosen in today's election at the organization's annual convention.

**MAJESTIC 'SP' COAL**  
It's here again this year with the same double feature that has won repeat customers for us right along. A raised heat rating and reduced ash... a washed and dust-proofed cleanliness!

With the president's proclamation of a national emergency, perhaps you have wondered: "How can I help?" One way is simple and yet important. Government authorities have asked that you fill your coal bin promptly as thousands are doing.

Estimates show that mines and railroads will have difficulty in supplying the coal needed by industry this fall and winter, without the added burden of usual orders for home heating. Buying your needs now, reduces the tremendous job of an adequate fuel supply later.

More—you make a definite saving with our current prices. And right now we can deliver the type and grade of coal you prefer. From every standpoint, you're money and satisfaction ahead to call us at once.
